

PROCEEDINGS OF THE BROWN COUNTY
PUBLIC SAFETY COMMITTEE

Pursuant to Section 19.84 Wis. Stats., a regular and budget meeting of the **Brown County Public Safety Committee** was held on Wednesday, November 2, 2011 in Room 200, Northern Building, 305 East Walnut Street, Green Bay, Wisconsin

Present: Tom De Wane, Dave Kaster, Pat Buckley, Andy Nicholson
Excused: Tim Carpenter
Also Present: Larry Malcomson, Randy Schultz, Tom Lund, John Gossage, Don Hein, Karl Fleury, Cullen Peltier, Neil Basten, Keith Deneys, Mike Fleck, Carole Andrews, Terri Mac Gregor, Paula Kazik, Bernie Erickson, Al Klimek, Troy Streckenbach, Carolyn Maricque, Sara Perrizo, Judge Mc Kay, Jim Queoff, Jean Eckers, Larry Gazely, Judge Atkinson, Todd Delain, Susan Tilot, Debbie Klarkowski, Kris Schuller, Dave Poteat, Guy Zima, Andrea Konrath, Jason Beck, media

I. Call Meeting to Order

The meeting was called to order by Chair De Wane at 5:30 p.m.

II. Approve/Modify Agenda

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to move Item 20 to the Sheriff's Department budget portion of the agenda. Vote taken. **MOTION CARRIED UNANIMOUSLY**

III. Approve/modify minutes of October 5, 2010.

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to approve. Vote taken. **MOTION CARRIED UNANIMOUSLY**

1. Review minutes & reports of:

- a. Emergency Medical Services Council (September 14, 2011).

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to receive and place on file. Vote taken. **MOTION CARRIED UNANIMOUSLY**

****BUDGET REVIEW****

REVIEW OF 2012 DEPARTMENT BUDGETS

2. Circuit Courts/Clerk of Courts: Review of 2012 department budget.

Presiding Judge Mc Kay presented the Circuit Courts/Clerk of Courts 2012 budget. He began by introducing Judge Atkinson to the Committee and stated that Judge Atkinson will succeed him as presiding Judge upon his retirement on December 1, 2012.

With regard to the budget, Judge Mc Kay stated he was satisfied and felt the court system could operate within the confines of the budget, but did note that extraneous costs could occur which cannot be predicted. He has managed to keep the budget under control by

cutting back on library and various other items and he felt that from an expense standpoint the budget is well within the expectations of the County Executive and the County Board.

Judge Mc Kay did point out that one of the items they will look at over time is the manner in which the mediation center is funded as the mediation center is a crucial aspect of the court system as pertains to small claims and in particular eviction actions. He would like to explore the possibility of moving dollars out of the budget and replacing them with some in kind items such as space in the future.

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to approve the Circuit Courts/Clerk of Courts 2012 budget. Vote taken. MOTION CARRIED UNANIMOUSLY

3. **District Attorney:** Review of 2012 department budget.

Susan Tilot presented the District Attorney's 2012 budget. Tilot stated that in light of having to bring a budget adjustment earlier in the year, they have budgeted for the items they needed to increase last year so they would not have to be in the same position to ask for an adjustment in 2012.

Motion made by Supervisor Nicholson, seconded by Supervisor Kaster to approve District Attorney 2012 Budget. Vote taken. MOTION CARRIED UNANIMOUSLY

4. **Medical Examiner:** Review of 2012 department budget.

Medical Examiner Al Klimek presented the Medical Examiner's 2012 budget. Klimek reported that as presented his budget shows a 31.02% decrease in the tax levy. He stated that over the years his department had been holding costs level and had also found additional revenue sources and as such had been returning more and more to the general fund at the end of the year. The 2012 budget represents is a truer representation of their costs and revenue.

Buckley asked Klimek if fees in the ME's office had increased and Klimek stated that no fees were increased. Buckley also inquired if there is a requirement that all deaths come through the ME's office and Klimek stated that there is specific reporting criteria that basically follows the State guidelines and further, the Statutes also allow for local rules to establish criteria in which the death would be reported, but Brown County does not have anything out of the ordinary in this regard. Klimek also stated that he did look at the number deaths in the County compared to the number of investigations that his office handles and it did not even amount to 50%. Klimek also stated that a death certificate in other counties such as Milwaukee and Dane costs upwards of \$75.00, but Brown County only charges \$35.00.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to approve the Medical Examiner 2012 Budget. Vote taken. MOTION CARRIED UNANIMOUSLY

5. **Public Safety Communications:** Review of 2012 department budget. Communications Director Karl Fleury presented the Public Safety Communications 2012 budget and stated that he worked very diligently to stay fiscally sound and he felt he presented a responsible budget which meets the needs of Brown County.

Supervisor Buckley stated he had several inquiries as to the rewrite of Chapter 4 and how it would affect things in the Public Safety Communications Department such as vacation and overtime and more particularly if these things were taken into account in the proposed budget. Fleury stated that HR had projected potential cost savings due to the Chapter 4 rewrite but felt it would be difficult to tell if those savings would actually be realized. Fleury went on to say that some of the fixed costs in the budget for things such as insurance and retirement contributions reflect some of the potential costs savings resulting from the Budget Repair Bill.

Supervisor Kaster stated he was puzzled with the number of layers of supervision and stated that it appears there are 3 or 3 ½ operators for every supervisor and further there are 6 telecom leads under 7 supervisors under a manager, under the director. Kaster stated that some other counties do not have lead people on during the day because the supervisors are there. Fleury stated that they have a total of six supervisors that are allocated to cover the 24/7 operation to ensure a supervisor is on shift to protect the County for liability purposes.

Fleury went on that with regard to the lead position, they are limited under contract as to what they can actually use the lead person for. Under the contractual agreements, they have not been able to use the lead for what he felt a true lead should be used for. Upon the expiration of the contracts on December 31 Fleury felt the lead positions will be used for what he felt they should be. Fleury stated that the leads do answer phones and they do dispatch and they also perform extra duties along with the scheduling of staff and are generally the "go to" person for questions and concerns. Due to the layout of the room with 12 operators working, it is difficult for a supervisor to cover all personnel.

Fleury continued that despite Kaster's feeling that the amount of management may be excessive, he does not believe the management is top heavy or there are too many layers of management. At this time Fleury said there is just enough management to cover the shifts with the supervisors as the leads are still working positions. There is one supervisor per shift, however, at some points there is potential overlap. Fleury also stated that when there is an extra supervisor on, there is a supervisor that is then responsible for training and certification of telecommunicators. Kaster asked who the communication specialist was and Fleury stated that it was John Lamkin's position and is responsible for radios and for the projects and a number of other items within his description.

Kaster asked Internal Auditor Sara Perrizo if there had ever been a study done and Perrizo stated that there was somewhat of a study done on 2010 when Ashwaubenon was absorbed but this related to the telecomm operators, but not the supervisors. Perrizo also stated that she had done some research of other counties and in doing so she did not find any other counties that have the same structure as Brown County. Perrizo presented the example of Racine County which has a dispatch supervisor but not a lead position and

further, it appeared from their organizational chart that they do not have a supervisor on the day shift. Outagamie County has six supervisors and one manager. Supervisor Kaster suggested a study be done with regard to this.

Buckley stated that from reviewing the information with regard to Racine County, it appears that the two shifts that are without supervisors are overlapping shifts and therefore there is 24 hour coverage for supervisors. He also stated that to do a fair comparison, the number of manned worked stations needs to be looked at in light of the fact that work stations cannot be combined under the current radio system due to being on different frequencies. Buckley felt that Fleury should have the opportunity to shift people around or make other arrangements once the radio project is done.

Fleury stated that the time to look at reorganization would be when the radio project is complete as there will be interoperability and at that time there may be the potential for looking at different dispatching such as police dispatching, fire dispatching, zone dispatching and area dispatching.

Supervisor Andrews suggested that this be referred to the study group because it needs much more effort than can be done at the Committee level. She also pointed out that in comparing Brown County to other counties, there are many things that Brown County does well and does better than other counties and perhaps we are the ones doing things better than others and there is no reason for us to downgrade our level of service based on what other counties do.

Supervisor Buckley stated that he would like to sit in on the study group meetings and Perrizo advised him that meetings are held at noon every other Thursday in the Veterans Conference Room and that the next meeting will be held on November 3.

Buckley asked how many open positions there currently are and Fleury answered that there is one supervisor position and four part time positions open. There are two full time positions starting on November 9.

County Executive Troy Streckenbach commented that in looking at the Public Safety Communications budget and meeting with them, the real talk and discussion focused on where they would be in 2013 and 2014 because as they are working aggressively to maintain the mandate of 2012 with the interoperability, there will be some large expenses coming up that will need to be funded, including in excess of \$300,000 for maintenance in 2013 and an additional \$750,000 in 2014.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to approve the Public Safety Communications 2012 Budget. Vote taken. MOTION CARRIED UNANIMOUSLY

6. **Sheriff:** Review of 2012 department budget.
 - a. **Resolution re: Approving New or Deleted Positions during the 2012 Budget Process. (Sheriff).**

Sheriff Gossage and Chief Deputy Todd Delain presented the Sheriff's Department budget for 2012. Gossage stated that this budget was unique in that it was \$967,267 less than last

year's budget with a total levy impact of \$926,086. This is in part a result of Governor Walker's Budget Repair Bill with regard to the non-sworn corrections staff and the clerical staff. Gossage also stated subsequent to the budget being put together there have been several changes that need to be discussed.

Chief Deputy Todd Delain reported on the resolution, Item 20 on the agenda with regard to the Table of Organization. The proposal is to add a records specialist in the electronic monitoring program. Delain explained that the Sheriff's initiative is to continue the electronic monitor program to reduce the number of inmates housed in the jail. Delain stated that it was extremely important that this resolution passes as the overall savings to the Sheriff's Office is tremendous with the electronic monitor program for a number of reasons. Savings of approximately \$55.00 per day are realized when inmates are out of the jail on the program. Further, when an inmate is out on the electronic monitoring program, they are paying to be out on it. This is guaranteed revenue because if the inmate is not able to pay to be on the program, they are pulled off the program.

The Sheriff's Office the program currently averages 72.5 inmates and the Sheriff's goal is to have 90 inmates on the program. In expanding the program, there will be a need for more clerical staff. What they are proposing in this regard is that the co-op position be deleted and one FTE records specialist be added. The set-up fee for an inmate to be on the electronic monitor program has been increased from \$25.00 to \$50.00 and the daily service fee has been increased from \$20.00 to \$23.00 per day and it is anticipated that these increases will offset the cost of the FTE records specialist so there would be no impact on the levy. Delain stated that by keeping the jail population down, they are able to close pods in the jail for additional savings in overtime costs as well as alleviating the need to expand the jail in the future.

Delain noted that the budget book stated that the co-op student they currently have is full time, but in actuality this is a half-time position remaining. He has received specifics from HR and to change the half time co-op student to an FTE records specialist there would be an additional cost of \$9,241. Based on the resolution and the \$9,241 that is needed, account number 4600.430 would increase to \$78,631, but this will have no impact on the tax levy as it will be offset by revenue from the electronic monitoring program.

Accountant Don Hein explained that in the jail portion of the budget, a new account had been created for charges and fees for electronic monitoring in the amount of \$39,273. They are looking to increase this to \$78,631 for a difference of \$39,358, of which \$30,078 is from the resolution and the additional \$9,280 is for adjusting the co-op student.

Supervisor Buckley asked if the Chapter 4 rewrite could still affect the Sheriff's Department budget and Gossage stated that the salary summary received from HR was fairly accurate in that there will be savings with regard to the decrease in holidays, and those changes are reflected in the budget.

Supervisor Buckley also asked about the gas expenses. Delain stated that their gas budget increased by 29%, but this is one expense that they cannot control. Supervisor Buckley also asked if it would be possible to have the jail portion of the budget separated from the total Sheriff's Office budget and Internal Auditor Sara Perrizo stated that this could be done quite easily and she will e-mail this to the Committee.

With regard to the fuel expenses, Supervisor Lund asked if the Sheriff's Department had explored some sort of fuel program to avoid buying fuel at retail. Delain stated that he had met with two businesses that provide fuel and they continue to explore this option.

Supervisor Kaster asked for clarification of the replacement of two full size squads in the outlay portion of the budget and the purchase of a midsize vehicle and wanted to know if the squad cars being traded in could be used instead of purchasing the midsize vehicle. Gossage said that the vehicles to be traded in are currently valued at approximately \$3,000 each and both have in excess of 140,000 miles and have become problematic. Buckley suggested that the Sheriff's Office look into a leasing program to see if it would be more cost-effective and Gossage stated that he would explore this, however he felt that the Department may have too many vehicles.

Delain continued on with his budget report and stated that they are requesting an increase in parking expenses for the DTF of \$10,000 to be taken out of the asset forfeiture account which would mean no levy adjustment. Gossage stated this would be an allowable expense from asset forfeiture fund as it goes directly to Facilities. Nicholson asked where the money flow for parking previously was and Gossage stated that previously the DTF did not pay for parking. Currently the DTF staff parks in a private parking lot under a private contract. Nicholson did not feel it was appropriate for this money to come out the asset forfeiture account as he felt this was a very important fund that he does not think should be utilized for parking. Gossage stated that it was done this way as this expense was not budgeted for in 2012 and Hein stated that to do it any other way would result in the parking having to be levy funded.

Supervisor Buckley recalled being assured by the Facilities Management staff at the time the DTF moved into the current location that parking would not be an issue and therefore, he felt that the parking money should come out of the Facilities budget. Gossage stated that he was of the assumption that parking would be included in the rent the DTF was paying for their new location. Buckley stated that like Supervisor Nicholson, he did not believe this parking expense should be taken out of the asset forfeiture fund. He felt strongly that this parking expense should come out of Facilities' budget.

Internal Auditor Sara Perrizo suggested the \$10,000 parking expense be deducted from the \$36,000 rent paid to Facilities. Perrizo also noted that the Facilities budget will need to be reduced by \$10,000 to avoid a levy impact and further wished to clarify that the rent for the DTF facility is coming out of the asset forfeiture account.

Motion made by Supervisor Kaster, seconded by Supervisor Buckley to decrease the chargeback from the Sheriff's Department to Facilities Management by \$10,000 and use the additional \$10,000 to pay for parking to the private contractor. Vote taken. MOTION CARRIED UNANIMOUSLY

Gossage continued with the budget report by stating that they will no longer be contracting with a lawn service and will instead be using Huber inmates on the work program to take care of the grounds for a savings of approximately \$10,000.

The next request to adjust the proposed budget was with regard to officer vests and munitions. Delain stated that these items were inadvertently omitted from the budget due to a miscommunication. Delain explained that bulletproof vests are only warranted for five years; after that time there is no guarantee that they would stop a bullet. They rotate through the vests and set money aside to do this. Money is also set aside each year for less lethal munitions that are used by SWAT and crowd control. As these items expire, they are used for training purposes. Delain stated that their proposal with regard to this omission in the budget is to increase revenue in 4301 and this is for a federal grant that they budgeted \$85,000 for. They would like to increase that to \$105,000 to cover the vests and less lethal munitions. He further reported that he just received an e mail in reference to how much would be received in 2011. They budgeted for \$80,000 and in actuality will receive \$111,000 so there is additional revenue of \$31,000 for 2011 and they would like to budget for 2012 the amount of \$105,000 which would offset the cost of the vests and munitions.

Motion made by Supervisor Nicholson, seconded by Supervisor Buckley to increase 4301 federal grants from \$85,000 to \$105,000. Vote taken. MOTION CARRIED UNANIMOUSLY

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to add a .5 FTE co-op student at a cost of \$9,280; add revenue for electronic monitoring of \$39,358; add 1.0 FTE records specialist for electronic monitoring at a cost of \$48,561; and delete 1.0 FTE co-op student for a savings of \$18,483; levy impact of zero. Vote taken. MOTION CARRIED UNANIMOUSLY

Sheriff Gossage also stated that there is a resolution with regard to deleting a .5 civil process clerk for a savings of \$21,061. Gossage's plan is to create a pool of workers that can work together and do backup work for each other. This resolution also contains a recommendation from HR on a reclass for the Chief Deputy from Grade 26 to Grade 28, a change that is already in the budget and would result in an increase of \$7,820. Gossage stated that this increase would be in line with the comparables studied by HR.

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to delete .5 FTE civil process clerk for savings of \$21,016. Vote taken. MOTION CARRIED UNANIMOUSLY

Supervisor Nicholson stated that he would not support the increase for the Chief Deputy. He stated that it was nothing personal, but he felt that the timing was not good and he wished to be consistent with other requests since he has been on the Board. Kaster also stated that he could not support this at this time and he has not supported similar requests from other departments.

HR Director Debbie Klarkowski stated that the Chief Deputy position is one of the positions that they brought forward last year that there are compression issues with. They looked at internal equity as well as the market. The proposed increase is in line with both internal and external equity.

Supervisor Buckley stated that he felt this would be money well invested, especially in light of the fact that there is already savings from the deletion of the civil process clerk.

Motion made by Supervisor Buckley, seconded by Supervisor De Wane to increase Deputy Sheriff from Step 26 to Step 28 at a cost of \$7,820. Vote taken. Ayes: Buckley, De Wane; Nays: Nicholson, Kaster. MOTION FAILED

Motion made by Supervisor Kaster, seconded by Supervisor Nicholson to approve the Sheriff 2012 Budget as amended. Vote taken. MOTION CARRIED UNANIMOUSLY

NON-BUDGET ITEMS

Communications

7. Communication from Supervisor Buckley re: Discontinue alarm permits and fees for business and residential alarm users. *Motion at October 5, 2011 Public Safety: To hold until the budget meeting.*

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to put a resolution through to eliminate alarm user permits. Vote taken. MOTION CARRIED UNANIMOUSLY

Circuit Courts

8. Budget Status Financial Report for September, 2011.

Motion made by Supervisor Nicholson, seconded by Supervisor Buckley to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

9. Quarterly Report of Brown Co. Security/Incident Review Committee – October 3, 2011.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

Clerk of Courts

10. Budget Status Financial Report for September, 2011.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

District Attorney

11. Monthly Drug Criminal Complaint Numbers.

Susan Tilot distributed the criminal drug charges filed in October, 2011 to the Committee, a copy of which is attached. Supervisor Nicholson asked how long the DA's office has been keeping track of these drug charges and Tilot answered that they began tracking in 2009. It was Nicholson's opinion that the Committee should review all of the records to see what kinds of dispositions are coming from the different judges to get a better picture of what judges are helping the community by putting defendants behind bars. Tilot stated that this information would currently be available for 2009 and 2010 and she could provide this to the Committee prior to the next meeting. The statistics for 2011 would not be complete until the year is over and the pending charges have been disposed.

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

Public Safety Communications

12. Budget Status Financial Report for September, 2011.

Public Safety Communications Manager Karl Fleury stated that the same issues he has brought up over the past several months continue to be present however he expects improvements in that there are currently several employees in training and several more new people starting. In spite of this, his Department is still on track budget-wise and he feels they will come in within their budget at the end of the year.

Supervisor Kaster asked if information was available from exit interviews of employees. Fleury stated that typically when an employee leaves, either he or Communications Manager Shelly Nackers speaks with the employee and sometimes HR may provide exit interviews as well. He did have information with him with regard to new hires, resignations and reasons behind it, and he will provide this information to the Committee.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

13. Director's Report.

Fleury updated the Committee on the radio project and stated that on September 28 a Town Hall meeting was held at UWGB. They have put out RFIs for the portables and mobiles as well as the pagers. Information has been received in response to these RFIs and they are currently reviewing this information to make selections by the end of the year. Work has also begun on the Scray's Hill and Duck Creek tower sites and they are making arrangements to start work on additional sites that have been acquired.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

Sheriff

14. Budget Status Financial Report for September, 2011.

Chief Deputy Todd Delain stated that through September, 2011 expenses were at 74% and in looking ahead to the end of the year, he felt that expenses would exceed expectations, however, revenue will also be well over budget.

Motion made by Supervisor Kaster, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

15. Key Factor Reports and Jail Average Daily Population by Month and Type for the Calendar Year 2011.

Gossage stated they had budgeted 20 federal inmates for 2011, however they have been averaging 24 federal inmates. For 2012 they have budgeted for 23 federal inmates and Gossage felt confident that they will be able to maintain this level of federal income. The jail is currently at 87 percent capacity and the kilo pod remains closed, thus saving on

overtime expenses. There are currently 72.5 inmates on the electronic monitoring program.

Motion made by Supervisor Kaster, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

16. **Budget Adjustment Request (11-132): Interdepartmental reallocation or adjustment (including reallocation from the County's General Fund).**

Sheriff Gossage stated the purpose of this budget adjustment is to transfer the \$26,500 for the jail fencing project into the Facility Management account as they will be paying for the fencing project.

Motion made by Supervisor Nicholson, seconded by Supervisor Buckley to approve. Vote taken. MOTION CARRIED UNANIMOUSLY

17. **Budget Adjustment Request (11-134): Increase in expenses with offsetting increase in revenue.**

Sheriff Gossage stated that this is a request to increase the jail phone commission revenue to reflect an unbudgeted signing bonus they received in October from the new jail phone system carrier. The additional revenue will be used to offset the cost of signage and new lockers for the new Sheriff's Office.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to approve. Vote taken. MOTION CARRIED UNANIMOUSLY

18. **Courthouse Weapons Screening.**

Lt. Keith Deneys stated that it was his understanding that more information would be provided to him by Facilities with regard to the courthouse study and therefore it would be appropriate to hold this until the additional information is received.

Motion made by Supervisor Kaster, seconded by Supervisor Nicholson to hold for one month. Vote taken. MOTION CARRIED UNANIMOUSLY

19. **Resolution re: 2012 County-Tribal Law Enforcement Grant.**

Sheriff Gossage stated that this is the annual resolution to confirm support of participation with the Oneida Tribe and split the grant half and half.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to approve. Vote taken. MOTION CARRIED UNANIMOUSLY

20. **Resolution re: Change in Table of Organization Sheriff's Department Records Specialist (Electronic Monitoring).**

This item was discussed in Item 6 above.

21. **Director's Report.**

Sheriff Gossage provided the Committee with an update on the Fraud Investigator position. From January 19 through September 30, 2011, the Fraud Investigator has conducted 149 investigations and two of those resulted in referrals to the District Attorney's office for felony charges due to overpayment of benefits of \$304,020. In working with Human Services, HS also identified an additional \$254,000 in overpayments.

Supervisor Buckley asked if there was anything the County could do to be reimbursed for the investigation in light of the fact that they have uncovered approximately \$600,000 in overpayments. Gossage stated that he did not believe so as these were federal dollars that pass through the State and that is why he encouraged representatives to contact the legislature as it is his belief these investigations should be taking place at a local level.

Motion made by Supervisor Buckley, seconded by Supervisor Nicholson to receive and place on file. Vote taken. MOTION CARRIED UNANIMOUSLY

22. **A Closed Session** pursuant to Wis. Stats. § 19.85(1)(f) to consider financial, medical, social or personal histories or disciplinary data of specific persons, preliminary consideration of specific personnel problems, or the investigation of charges against specific persons except where par. (b) applies which, if discussed in public, would be likely to have a substantial adverse effect upon the reputation of any person referred to in such histories or data, or involved in such problems or investigations. (Fraud Investigations)

No closed session was held.

Emergency Government No agenda items

Medical Examiner No agenda items

Other

23. **Audit of bills.**

No action taken.

24. **Such other matters as authorized by law.**

Motion made by Supervisor Buckley, seconded by Supervisor Kaster to adjourn at 7:40 p.m. Vote taken. MOTION CARRIED UNANIMOUSLY

Respectfully submitted,

Therese Giannunzio
Recording Secretary
